BOOMING RED DEER

The Lethbridge News has this to say regarding an account of the Messrs. Helme and Bull at that city recently:
R. N. Helme, of Lancaster, England, one of the largest oil cloth manufacturers in the British Isles, accompanied by W. P. Bull, of the firm of Messrs. Bull, Hallis and Wilson, solicitors, Toronto, and Messrs. Matlock, landscape gardeners of London, England, visited Lethbridge Saturday on their way to Vancouver.

Messrs. Helme and Bull are largely interested in the industrial development of Red Deer where they have extensive holdings, and it is their intention to establish three large manufacturing industries in the town, including an agricultural implement factory, a factory for the handling of the by-products of the creameries and the cheese factories in the Red Deer district, and green houses and nurseries covering the town. These industries are being located on the elevated lands between Verity Park and Alberta Central railway in the south-east, portion of the town, and building operations will be commenced this fall as soon as possible. Although Mr. Bull refused to state just how much money he expects to spend in the establishing of these industries, it is understood that the cost will run well into the hundreds of thousands, and the town of Red Deer will within a few months be one of the manufacturing centres of the province. Alberta is fast coming to the fore as a manufacturing district and the establishment of these industries will do much to boom the province as a whole.

This sounds very nice, and may be true, yet many citizens of Red Deer would prefer to see these gentlemen spend a little more of their immense wealth in town and not do so much talking about it. True, it advertises us to a certain extent, but it is advertising that is not believed to be of the best for the town. We certainly hope something will be done at once to start these industries if they are going to be started at all.

NEW OPERA HOUSE

A. Forrester has made arrangements with the Royal Theatre people to build them a new theatre building on 1st Street North, just east of John Malcolm's residence.

The building will be 25x110 feet, solid brick, and will be one storey high. Every modern convenience will be added to the building to make it up-to-date in every respect. The seating capacity will be five hundred and all the seats will be nicely cushioned and fitted up for the comfort of those who patronize the house.

Besides using the building as a moving picture show, the Royal Theatre people will also use the house for travelling troupes and probably local entertainments.

This will make three new halls added this year to those already in existence in Red Deer, namely, the new Town Hall, the Parish Hall, and now the Royal.

Why, Of Course!

The Edmonton paper that said Bro. Galbraith was running a wicked old Tory sheet, hasn't apologized yet. But it says the incident will bear fruit by drawing attention to the workings of the splendid single tax system. This is adding insult to injury. Bro. Galbraith should demand an apology or issue a writ for \$10,000 damages at once.

The Markets

No wheat brought in as yet. A little chicken feed is selling at a cent a pound to merchants. Oats are coming in slowly, and 40 cents is being paid for them. The shipping price is about 35c. Hogs are bringing 85 cents per pound, and a shipment will likely be made by the Co-operative next week. Timothy is coming in in loose loads and selling at \$10 per ton. No. 1 Timothy will bring from \$12 to \$14 per ton for shipping. The creamery is paying from 10c to 15c for live poultry, 15c for ducks, and 18c for turkeys. Hides bring 7 1/2 to 8 cents per lb.

Football Trophy

The competition for the "News" Challenge Cup concluded last week. Five teams competed. The teams are composed of boys from the Public School and under 15 years of age. The five captains were Joe Edgington, Joe Gaetz, Lewis Nurembe, Allen Rutherford and David Wright. The Gaetzborough Sagat was a bit of interest. A medium sized hat in mirror velvet; the side brim was caught close to the low dome crown, finished with a white ostrich plume and military fastener.

Manitoba Escapes Bad Snow Storm

Weather Fine and Harvesting Resumed Again

Winnipeg, Sept. 23.—There is a very welcome change of weather in Manitoba and with good drying winds, harvesting will be resumed today all over the prairie provinces, which has suffered rather severely during the week by abnormal and continued rains. These Manitoba farmers who consistently stack their grain and limit their acreage to what they can conveniently handle are getting all the best of it this fall. Wet weather and soft ground have combined to a very late start in threshing and wheat in the open stock which has been soaked through and through is liable to bleach with loss of grade. In Saskatchewan and Alberta, where harvesting weather has been a good deal better, final progress is being made.

Engine Driver Runs Over Man Twice

Then He Tries It Third Time

Moose Jaw, Sept. 2.—While working on a thrashing outfit 40 miles south of Moose Jaw, Thursday, a home-steader Montgomery was run over the engine and received laceration inside the thigh. The driver of the engine after passing over him became excited, backed up and went over the victim again. The cries of the man made the driver think he was approaching him and he reversed, coming up to the victim for the third time. By an extraordinary effort Montgomery managed to crawl clear of the engine. Thursday, a farm suffering badly, and was taken over the trail to Moose and shipped here. At the hospital, three doctors have him in hand, and hope to save his life.

McLean Bros. Fall Millinery Opening

The millinery opening of this well known firm on Wednesday last and following days was a decided success. Those who saw the window display have only a slight idea of the many beautiful creations that were shown in the millinery department. The very handsome hat Lucile in hatters' black, with black top and white facing, with crown to match, was trimmed with a bunch of black osprey caught at side crown, finished with French roses, shading from rose to a delicate pink. The underbrim was finished with osprey and roses. A large black velvet hat, with slightly rolling brim and small dome crown, was trimmed with a white Marabou collar and mount to match, studded with pink rosebuds. The Gainsborough Sagat was a bit of interest. A medium sized hat in mirror velvet; the side brim was caught close to the low dome crown, finished with a white ostrich plume and military fastener.

A dainty creation of Lynon's velvet was the Astoria poke bonnet, tan crown, which was surrounded with a band of heavy cream insertion and a wreath of Louise buds and solid rose to match.

A large black beaver with a decided rolled edge had a solid Marabou bandeau dotted with touches of cerise ribbon buds, and finished at side with osprey.

A hat that created great admiration was made in black chiffon velvet, with coral satin edging, trimmed very simply with black spray and a single coral rose entwined with grapes.

Miss Thomas, the head milliner, and Miss McLaughlin, her assistant, are to be congratulated on the success of the opening.

Lilliputians Coming Friday, Sept. 27th

"Billie Taylor," the old favorite comic opera which the Lilliputian Opera Company will present at the Lyric Theatre, Friday, September 27th, is generally recognized as one of the most rollicking and tuneful operas written by the famous comic composers Stephens and Solomon. It was produced by them about the same time that Gilbert and Sullivan wrote "H.M.S. Pinafore" and atained almost the same phenomenal success. Like the latter, its revival has been undertaken by various opera companies, with gratifying success, among whom the Lilliputian Opera Company, who sing this opera at the Lyric, September 27th, are deserving of more than passing recognition. In this remarkable company every artist is a child and every child an artist. The fresh and natural sweetness of their voices and lack of self-consciousness in their acting lends to the opera a distinct charm which would be extremely difficult for older artists to duplicate.

Under the able direction of Miss Simpson Hogg they work with a true artistic appreciation of their respective roles and a desirable harmony of intent that gives a most pleasing effect.

HON. J. W. SIFTON DIES IN WINNIPEG

Father of Prime Minister of
Alberta—A Much Respected Citizen

Winnipeg, Sept. 19.—There died this evening here the Hon. J. W. Sifton, the president of the Free Press Publishing Company and one of the foremost old timers of the city.

Mr. Sifton who is the father of some time, was one of the oldest inhabitants of Winnipeg and there was no part of the west with which he was not familiar. He was a native of London, Ont., and coming here early in life, he soon rose to a high position in life and showed his capacity in being elected to the office of speaker in the provincial assembly.

Mr. Sifton who is the father of the ex-secretary for the interior, the Hon. Clifford Sifton and the present premier for Alberta, was well-known throughout the west and a friend of all with whom he has come in contact within the last 30 years.

MURDER OF BISHOP PROVES TO BE FALSE

Roman Catholic Prelate Reported To Be Murdered
Arrives in Montreal

Montreal, Sept. 19.—Bishop Latulipe, vicar apostolic of Temiskaming, who was reported as being murdered by Indians in St. James bay, arrived in this city this morning hale and hearty.

Bishop Latulipe, when seen by a reporter today at the Sisters of Providence convent, 1410 St. Paul, said when he first heard the news of his death he was surprised and disconcerted, but now he could afford to smile at it.

On arriving in Sydney Tuesday morning he was shown the despatches announcing his death. He immediately telegraphed his sister in Halifax that he was on his way home and in the best of health.

He and his companion, Father Brosseau, encountered no mishap outside the ordinary hardships of travel in that region. His health is the picture of health and looks as if he had returned from a vacation.

VICTORY FOR DICTAPHON

The Senate Believed All It Recorded
About Lorimer

The expulsion of Senator Lorimer from the American Senate for bribery is a victory for the dictaphon. It was in this Lorimer case that the dictaphon first attracted attention, for it was operated in a room of the King Edward Hotel, Toronto, upon a young Canadian from Elora who was being examined by Bureau detectives. His recorded evidence was sent to Washington and was a condemnation of Lorimer. The trustworthiness of the dictaphon as illustrated in the instance formed a subject for long debate. Lorimer's friends declaring that it was utterly unreliable, and going even to the expense of publishing a costly pamphlet to prove their point. The Senate, however, believed the dictaphon and all the other evidence against "the blonde boss," and so he takes his place with Senator Foraker and drops into oblivion.

POULTRY INDUSTRY

Great Room for Its Development in Canada

A. G. Gilbert, poultry manager at the Central Experimental Farm, in referring to the development of the poultry industry clearly shows that the demand for eggs in Canada has increased much more rapidly than the supply during recent years. In 1902 eggs exported to Great Britain were to the value of \$1,733,242; nine years later, the exports had fallen to less than a value of \$250,000, while the imports in 1911 reached a value approaching \$500,000.

It is pointed out that farmers are not taking full advantage of the high prices offered for strictly new laid eggs at all seasons of the year. The good profits from these are being secured chiefly by specialists who are often at the disadvantage of having to pay retail prices for f. d.

DON'TS FOR WIVES

If a wife or prospective bride wishes to have a happy married life, she may rest assured that her desires will be gratified if she bears in mind the following "don'ts."

Don't marry a man for a living, but for love. Don't overdo, or the reverse. Common-sense is better than style. Never, when married, get the idea that the way to run a house is to run away from it, or—t it is right to lecture your neighbors on how to bring up their children, while you are neglecting your own.

Don't nag. Nothing is so likely to send your husband out of the house as that.

"That's a very knowing animal of yours," said a gentleman to the keeper of an elephant.

"Very," was the cold rejoinder. "He performs strange tricks and antics, does he?" queried the gentleman.

"Surprised," retorted the keeper. "We've taught him to put money in that box you see up there. Try him with fifty cents."

The gentleman handed the elephant fifty cents and, sure enough, he took it in his trunk and placed it in the box high out of reach.

"Well, that is very extraordinary," exclaimed the lady. "Now let's see him take it out and hand it back."

"We never taught him that trick," retorted the keeper, who then turned away to stir up the monkeys and punch the hyenas.

HE SPECULATED

The banker dismounted at a certain place and got a small boy to hold his horse. Returning in ten minutes, he was surprised to find another—smaller—boy standing at the horse's head.

"How is this?" he said. "You are not the boy I left my horse with."

"No, sir," replied the youngster. "I speculated, and bought off the other fellow for a cent."

Beautiful Fall Millinery At Very Moderate Prices

Our range of styles in our showing of new Fall Hats is all embracing—picture hats large shapes and smart smaller shapes are here plenty. There's an individuality about our hats that is particularly appealing, there's also the satisfaction of knowing that a hat bought here conforms strictly to the details of fashion.

Fashion never presented a wider range of beautiful trimmings than this season, Paradise Plumes, Aigrettes, Willow Plumes, Ospreys and Willow Fancies; and many novelties in wings are plentiful.

There's not a point of interest that is absent from our showing. Every favored shape, every style, every new shade, every effect in trimming, is yours to choose from if you come here—so it's worth your while to visit our parlor just now.

Men's Fall And Winter Overcoats \$9.00 to \$350.00

The man who wants an Overcoat should buy it here.

We have an exceptionally large assortment, and prices are lower than usual. Coats in diagonals, tweeds and soft blanket cloths, single and double breasted. FALL SUGGESTIONS

Every day sees the arrival and placing in stock of new fall goods. These goods have been inspected and purchased by our man on the spot--direct from the manufacturer, and this fact insures the saving of the middleman's profit. Couple this with the fact that we buy in large quantities, and thus save considerable.

It is to your advantage to look over these goods and select while the range is complete. This week we mention

Men's Smart Business Suits And Overcoats

Our new Fall lines are now arriving daily they embody the same quality both in material and workmanship which was a distinguishing feature of our spring styles in Men's Suits and Overcoats. We are showing a pleasing range in browns and greys which, by the way, are to be worn very much this season. It would be difficult to find a value as good as our business men's suits or overcoats at

\$15.00

A Nobby Suit or Overcoat for Men or Young Men, at \$20.00 and \$22.50

We have a decidedly smart fitting model which will instantly appeal to the man or young man who must have his clothing absolutely correct in style, in material, tailoring, fit and finish. It fulfills the requirement of

the particular man who desires only exclusive clothing. As to value, we think we have a surprise awaiting you, for they look much better, and we know they will give you more satisfaction than any ordinary \$25 suit. Made of pure wool, imported tweed and Worsted in fancy weave. Mid Brown shades and Grey. Coats are single breasted two and three button models, medium high vest, pants with turn up bottoms or straight. All sizes

\$20 and \$22

Red Deer's Finest Collection of Women's Ready-to-Wear Apparel

True elegance, individuality of styles and perfection of workmanship, marks every garment in our collection. It embraces exclusive novelties from the far famed foreign designers, and a magnificent collection of New York models.

The women of taste, the woman who practices economy and the woman who appreciates correct style, and is a devotee of Fashion, will readily recognize in this large and select assemblage of Fashionable apparel, opportunities to buy, that are most pleasing from every point of view. Everything is at its best, and the varied tastes are readily satisfied.

COATS, new, distinctive and original, that commend themselves to those who are not satisfied with commonplace styles, and who desire exclusiveness and correctness in a large degree.

SUITS that are more than ordinarily attractive, distinctive, refined and becoming, and in quality and style justifies much more than the prices asked.

MILLINERY DEPARTMENT

A special display of Baby's Bonnets will be shown this week in connection with the Millinery Department, which is now offering you a good showing of correct Millinery.

A Noble Work

Edmonton, Alta., Sept. 20.—Taking time by the forelock, as it were, Mr. B. Chadwick, superintendent of the provincial department for neglected children, is advocating a Big Sister movement for Alberta on similar lines to the Big Brother plan put into operation in the United States. He recommends the appointment by the provincial government of a woman, whose duties shall be to co-operate with the police departments in an effort to reclaim girls and adult in cities.

"Such an official," Mr. Chadwick said in the course of an interview here today, "should be able to develop a practical probation system. She could interest women's clubs and the public generally in the playground movement and the social centre, and might assist the school board to their responsibility to the public to see that something is done in making use of the enormous and expensive plants that are idle for so many hours each day of the year."

"Hence under the auspices of respectable people might be held in the assembly halls of school houses and, perhaps, as a practical side of the work, even cooking lessons and domestic science in evening sessions might be planned. The woman in charge of this work should be broadminded and well trained in methods of developing self-respect."

SOIL STILL RICH AFTER 80 YEARS

Farnham Farm, in Wellington county, Ontario, owned by Mr. Henry Farnham, after eighty summers' constant cultivation, possesses soil as rich as it is not richer than when it was first broken in 1831. The following methods of farming, rigidly adhered to by Mr. Farnham, may be cited as reasons for this happy situation:—

The owner's interests are evenly divided between crop production and live stock raising.

Everything grown on the farm in the way of feed is fed on the farm.

A system of crop rotation prevents any needless waste of soil fertility.

The application of barnyard manure after specially absorbent crops replenishes the soil with plant food.

Hay area is pastured two years and crops cut from it two years, then plowed under.

Rape seed is sown with oat crop, providing pasture for cattle and sheep for more than three months after harvest.

The general conduct of the farm is closely in accord with mixed farming principles, which protect any soil from depletion.

HOME INDUSTRY

How It Has Been Injured in the Case of Wool Manufacture

Edmonton, Alta., Sept. 20.—Members of the straw hat brigade in Edmonton are framing a petition to Mayor George S. Armstrong, requesting his worship to issue a proclamation extending the season for summer headwear until October 1. The closed season for straw hats began at midnight, September 15, but many of the wearers say the weather is such that straw hats will be in order the next 10 days or so. Just now the felt hat wearers penalize the straw hatters with hard frosts and rainfalls, while in several instances heated summer headwear has been smashed. Mayor Armstrong declines to say what action he will take.

Leslieville

Mr. Claude Card of Red Deer is visiting his many relatives in this locality.

Mr. Fred Hart, who is with the A.C.R. camp at Burnt Lake, spent Sunday with his wife and family.

R. O. Wright has returned from a trip to the States.

W. Sheppard has gone to visit his father, Mr. B. F. Sheppard, in Mexico.

Sam Sheppard returned from the Stampede at Calgary. Sam thinks he could have ridden just as good as some of the cowboys.

M. M. McLean, student, is leaving for college this week.

The farmers in this district are nearly through cutting their grain. Who will be the first to come in with a threshing outfit? We hope they won't have to wait until next spring.

Mrs. Thos. McPaul, who has been very ill in Calgary, is not expected to live.

Mr. Thos. Hart, J.P., who has been suffering from a fractured limb, is almost well. The prairie chicken have had a rest.

H. H. Edgar and his red grip were visitors here one day last week. Bob went further west this time.

The choir of Bethel Union Church and their friends held a surprise party on Mr. Telford's residence and his bride last Friday night. Mr. Oscar Foreman read the address. Miss Mahel Reilly presented a beautiful carving set on behalf of the members of the church. Mr. Patterson replied in very telling terms, thanking the choir on behalf of Mrs. Patterson. A very nice time was spent.

Downward Movement In Price Continues

The decline of two points in the Department of Labor's index numbers of wholesale prices for July, after a continuous rise for twelve months, was followed in August by another drop, the index number standing at 133.4 compared with 134.8 the previous month. Last year, however, at this date it stood at only 127.2. The decline during August was due chiefly to decreases in prices of grains and fodders, fruits and vegetables, with slight increases in dairy products, fish, metals and coal. These index numbers are percentages of the average prices of some 250 articles during the decade 1890-1899.

Strike Situation More Favorable

The Department of Labor's record shows the influence of labor disputes upon industrial conditions during August to have been just as serious as during July, fewer disputes being recorded as in existence. An improvement, too, over July conditions was the fact that of the eleven transportation disputes which were considerably interfered with by strikes; these were, however, of short duration in most cases, and conditions were generally normal towards the end of the month. About 9,500 employees were involved in trade disputes during August.

Industrial Accidents

According to the record of industrial accidents maintained in the Department of Labor that for the month of August showed that 282 workmen were killed and 305 injured, compared with 108 fatal and 272 non-fatal accidents during the month of July; or a decrease of 29 in the number of fatal and an increase of 31 non-fatal accidents compared with the record for July. The largest number of fatalities occurred in the building trade, the next in the steam railway service, there being 11 workmen killed in the former and 25 in the latter. In the metal trades and street railway service, the largest number of non-fatal accidents occurred, the record being 65 in the case of the former and 54 in the latter.

A WONDERFUL DISCOVERY

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning! Not one species of microbe has been found that Zam-Buk does not kill.

Then again, as soon as Zam-Buk is applied to a sore, or a cut, or to a skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, as soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and liberally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day, Mr. Marsh, of 101 Westminster Ave., New York, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. Today—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema.

All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a stamp to pay return postage. Address Zam-Buk Co., Toronto.

MACHINERY IN THE WEST

Canadian Makers are Waking up to the "Tractor" Trade

Fully five thousand tractors are used on farms in Western Canada whereas seven years ago there were only eight of this class of implement in the West.

"Where do you buy your engine?" a farmer in Saskatchewan was asked. "Nearly all of them come from the States. The most popular tractor from Indiana," he replied. "Very few are made in Canada just now, but I believe the three firms who do make them are preparing to get a larger share of this big market out here," he continued. "This season the Canadian factories supplied some 250 engines out of the 2,500 that were absorbed by the Western market."

A NOTE OF WARNING

The west is agog with a discussion on the merits of mixed farming for the prairies. Many experts declare it is the only pure preventive of soil exhaustion. Most farmers, however, are either convinced of the inexhaustibility of the soil's fertility or they are not worrying over that prospect so long as they reap good harvests from small but sure crops. The experts, however, are mindful of the fate of the western states, just across the border where wheat held per acre has steadily declined—Cardston Globe.

TO HAIR DRESSERS

A Splendid Hair Tonic That Makes Beautiful Hair

Every hair dresser should know about Parisian Sage, the quick-acting hair dressing that is just what this paper tell you it will do.

Parisian Sage is a most delicious and different hair dressing, a fact that will be remembered the moment it is applied to the scalp. There is not a particle of stickiness in it; it is not greasy; it has a delicate and refined odor, and is a truly invigorating tonic that will make hair grow, if the hair root still shows the least sign of life.

Try a bottle of Parisian Sage. It will brighten up the hair in two days.

Parisian Sage is guaranteed by Gaetz-Cornett Drug & Book Co. to cure dandruff, stop falling hair and scalp itch in two weeks, or money back. It is particularly in demand by women of refinement, who desire soft, luxuriant hair, that complete admiration. Price 50c a large bottle by Gaetz-Cornett Drug & Book Co., or direct, all charges prepaid, from the Canadian makers, the Giroux Mfg. Co., Fort Erie, Ont.

Alfalfa Cure for A Disease That Has Killed Many Horses

Lincoln, Neb., Sept. 12.—Nearly a hundred Nebraska veterinarians with a few from neighboring States met here yesterday and discussed the epidemic which is killing hundreds of horses in this State and Kansas.

Scores of suggestions have come to the meeting, among them the use of alfalfa from London, England, veterinarian.

The same epidemic was in south Alberta a year ago just as it is now ravaging Nebraska. It can be cured and prevented by not using grain and by feeding only alfalfa or wild hay grown in an altitude of more than 3,000 feet. The germ lives only in a damp climate and enters the horse's system through the nose.

Strike Situation More Favorable

The Department of Labor's record shows the influence of labor disputes upon industrial conditions during August to have been just as serious as during July, fewer disputes being recorded as in existence. An improvement, too, over July conditions was the fact that of the eleven transportation disputes which were considerably interfered with by strikes; these were, however, of short duration in most cases, and conditions were generally normal towards the end of the month. About 9,500 employees were involved in trade disputes during August.

Industrial Accidents

According to the record of industrial accidents maintained in the Department of Labor that for the month of August showed that 282 workmen were killed and 305 injured, compared with 108 fatal and 272 non-fatal accidents during the month of July; or a decrease of 29 in the number of fatal and an increase of 31 non-fatal accidents compared with the record for July. The largest number of fatalities occurred in the building trade, the next in the steam railway service, there being 11 workmen killed in the former and 25 in the latter. In the metal trades and street railway service, the largest number of non-fatal accidents occurred, the record being 65 in the case of the former and 54 in the latter.

Women Sent Through Mails to Churchill at Regular Postal Rate.

Dundee, Sept. 12.—A suffragette named Clements went to the post office here yesterday with a card affixed to herself addressed to the residence where Winston Churchill, the first lord of the admiralty, is staying. The request of the postal authorities to deliver her by express messenger, in accordance with the regulations of the post office, they were obliged to comply with, and the "human parcel" to its destination. Mr. Churchill was absent when the parcel arrived and his secretary refused to accept the woman, who withdrew much chagrined.

Mr. and Mrs. Geo. Harvey are enjoying a trip to Southern Alberta.

Commissioner Davison was in Edmonton yesterday on Board of Trade business.

It is now thought that the Constable shot at Wetaskiwin last week will recover.

Over 500 inquiries have been received at the Board of Trade office during the past week.

C. W. Lipsey, of Vancouver, is the guest Mr. and Mrs. J. L. Malcoln last week.

Mamie is coming all the way from the Orient for the Hospital Stampede. Don't miss her.

William Kirklund, Parkville, was arrested yesterday afternoon for attempting to poison himself.

Mrs. Geo. B. McDonald, of Portland, Maine, is visiting her sister, Mrs. E. Hunter, Highland Park.

A man named Evans was taken in charge by the police yesterday as he was being intoxicated.

See Charlie Cooper, the wonderful boy comedian in "Billie Taylor," Friday, September 27th.

A Red Deer West investor made a profit of nearly 100 per cent, in less than six months on an investment of \$2000.

S. N. Carvallen returned from the east last Friday, where he went some time ago, owing to the death of his father.

"Billie Taylor" is an effervescent concoction of mirth and melody and pleasing sensations to the optical nerve.

Ornamental, crepe and tissue paper at John McVie's. Santa Claus will arrive in October with two large sledges and a goodly train.

Farmers should not be in too great a hurry to stack their grain, as a great deal of damage results every year through heating in the stack.

As a result of the Commissioners' recent trip it is likely that two more, wholesale houses will locate in Red Deer. There is a rumor, too, that a new hotel will be established in Red Deer shortly.

Miss Albertson, of New York, who has been spending a few weeks in Red Deer with Mr. and Mrs. Wm.

General admission to the Hospital Stampede, 10c.

Rev. Robert Pearson returned from Ontario last week.

Rev. C. H. and Mrs. Huestis are visiting friends in the east.

The Alberta Women's Association will meet at Mrs. W. L. Gibson's on Wednesday afternoon, September 25 at 4 o'clock.

Chief Geo. Bell was up to Wetaskiwin last week, helping in the hunt for the robbers who shot Constable Allen of that city.

You haven't forgotten "Baby Graceie"? She will be at the Lyric Theatre, Friday, September 27th, better and bigger than ever.

Bring your baby to the baby show and will see the prize. Babies up to two and from two to four years old. Thursday afternoon, October 10th, at the new Town Hall.

The Parish Hall of St. Luke's Catholic Church, 10th and 11th Ave. Co. The concrete work is all complete, the floor is partly laid in the basement, and the timbers and floor joists of the first floor are in place. Julius McIntosh will start the building work, it is expected, today, and the building will be rushed from now on until it is completed.

On the afternoon of September 10th the Woman's Missionary Auxiliary of the Leonard Grace Memorial Methodist Church met by invitation at the home of Mrs. Galsbraith, West 20th Park. The meeting was devoted to business and plans were laid for fall and winter work. This was followed by a prayer and praise service. The Rev. Wm. J. Graves, who also gave a most helpful Bible reading. The programme was an interesting one, consisting of a song, a prayer, a reading, Mrs. Porter and Mrs. Jolbin. An introduction to the study book for this year, "China's New Day," by Mrs. H. H. Huestis, was read by Mrs. Doolson, and the first chapter of the book is to be the subject of study for the October meeting. Mrs. Warden, president of the Alberta branch, was guest of the auxiliary and briefly addressed the meeting. Through the kindness of the hostess refreshments were served at the close.

The slight snowfall Monday was the worst of the season and did no damage in this district, but in the south country all uncult grain is down flat. The storm was severe all over Saskatchewan and Alberta. The frost Monday night following the snow was rather severe, but there was very little

The Lacombe Fall Fair last week was fairly well attended, there being from 75 to 100 up from Red Deer. The show of horses was good. The cattle there was a larger number than in Red Deer, but not so good. Produce would have been scarce here for the experimental farm.

There was no attempt at decoration. The crowd was good natured, but were evidently looking to be entertained, and there was nothing to attract them. The fair was run by horses brought up to town and every chance they got they started out across country. Outside of a few fireworks, the fair was very few. Red Deer citizens have envied the attention with which music.

Home Ownership Must Pay.

Unless home ownership paid---and paid well---it would not be the common goal and hope of all thrifty people.

Perhaps you've considered that, for You, home ownership is merely an aspiration for some future time. And, very likely, you're wrong about it--and could start toward the goal in a week from now.

You'll be surprised to find how small a cash payment will put you into a home of your own---and a real good home---comfortable, cosy, convenient. And the balance of the purchase money can be paid like rent---and probably at less per month than you're paying today.

You ought to come and see us about this eome.
